REQUEST FOR SHERIFF'S OFFICE INCIDENT REPORT

I hereby request a copy of the below described Teton County Sheriff's Office report(s). With this request, I understand the Teton County Sheriff's Office will make a reasonable effort to comply with the Wyoming Public Records Act.

The disclosure of law enforcement investigation reports may be contrary to the public interest. The reasons vary from case to case. Disclosure of some reports, prior to adjudication of the case, could jeopardize the successful conclusion of the case. Disclosure of these reports would amount to dereliction of duty by the Sheriff's Office and therefore these reports will not be released, at the discretion of the Sheriff's Office.

The following information will not be released: Reports that involve criminal history records, records pertaining to minors, records of sexual assault investigations or records obtained through a 911 emergency telephone system. The decision to disclose or refrain from disclosing the investigative reports or parts thereof is a matter of Sheriff's Office discretion.

Additionally, Sheriff's Office files may include confidential information, such as medical records, coroner's reports, confidential reports issued by other agencies or companies and individuals. Evidence, personal information of people or corporations who have contributed documents or information to aid the investigation will not be released without a court order.
